We are called to care for God's creation.

He wants us to love the land, and
enjoy the beauty of the world He created.

Genesis 1:1 (NIV®)

In the beginning, God created the heavens and the earth.

It is our job to keep the planet clean.

We cannot eat food grown on polluted land,
or swim in contaminated water.

Genesis 1:26 (NIV®)

Then God said, "Let us make man in our image, in our likeness, and let them rule over the fish of the sea and the birds of the air, over the livestock, over all the earth, and over all the creatures that move along the ground."

Much of what we throw away ends up in a landfill.

To reduce waste, we can recycle items such as paper, glass and plastic. These materials can be transformed and used again.

Deuteronomy 11:12 (The Message)

It's a land that GOD, your God, personally tends—he's the gardener—he alone keeps his eye on it all year long.
